

MOVEABLE CLASS DIVIDER

A320 FAMILY, ENHANCED & CLASSIC INTERIOR

Avianor offers a wide range of partition and class divider solutions. Our composite shop has the expertise to work on intricate shapes integrating features, such as joggles, windows, electrical provisions, blades and curtain rails. Our partitions and dividers are engineered with versatile customization to meet the customer's operational needs.

Suited to A319, A320 & A321 Enhanced & Classic interiors, for standard and bucket bins, Avianor has developed and approved under a Generic TCCA STC:

- ▶ Outboard MCDs,
- ▶ CTR MCD; and
- ▶ Their Installation Kits.

AVIANOR CAN CUSTOMIZE AND DEVELOP MCD UPON REQUEST

INSTALLATION

Perfect in creating a separation between a Premium/Business class and an Economy class, the MCDs can be installed anywhere throughout the constant section of the cabin. The highlighted areas on the Typical Layout below indicate where the MCDs are usually installed. The Outboard MCDs are installed in the PSU Rail.
